## Requirements

- Australia is difficult to serve due to reduced passenger flights
- Space situation leads to extended transit times also on cargo flights
- Pure Ocean Freight significantly increases total transit times

## Solution

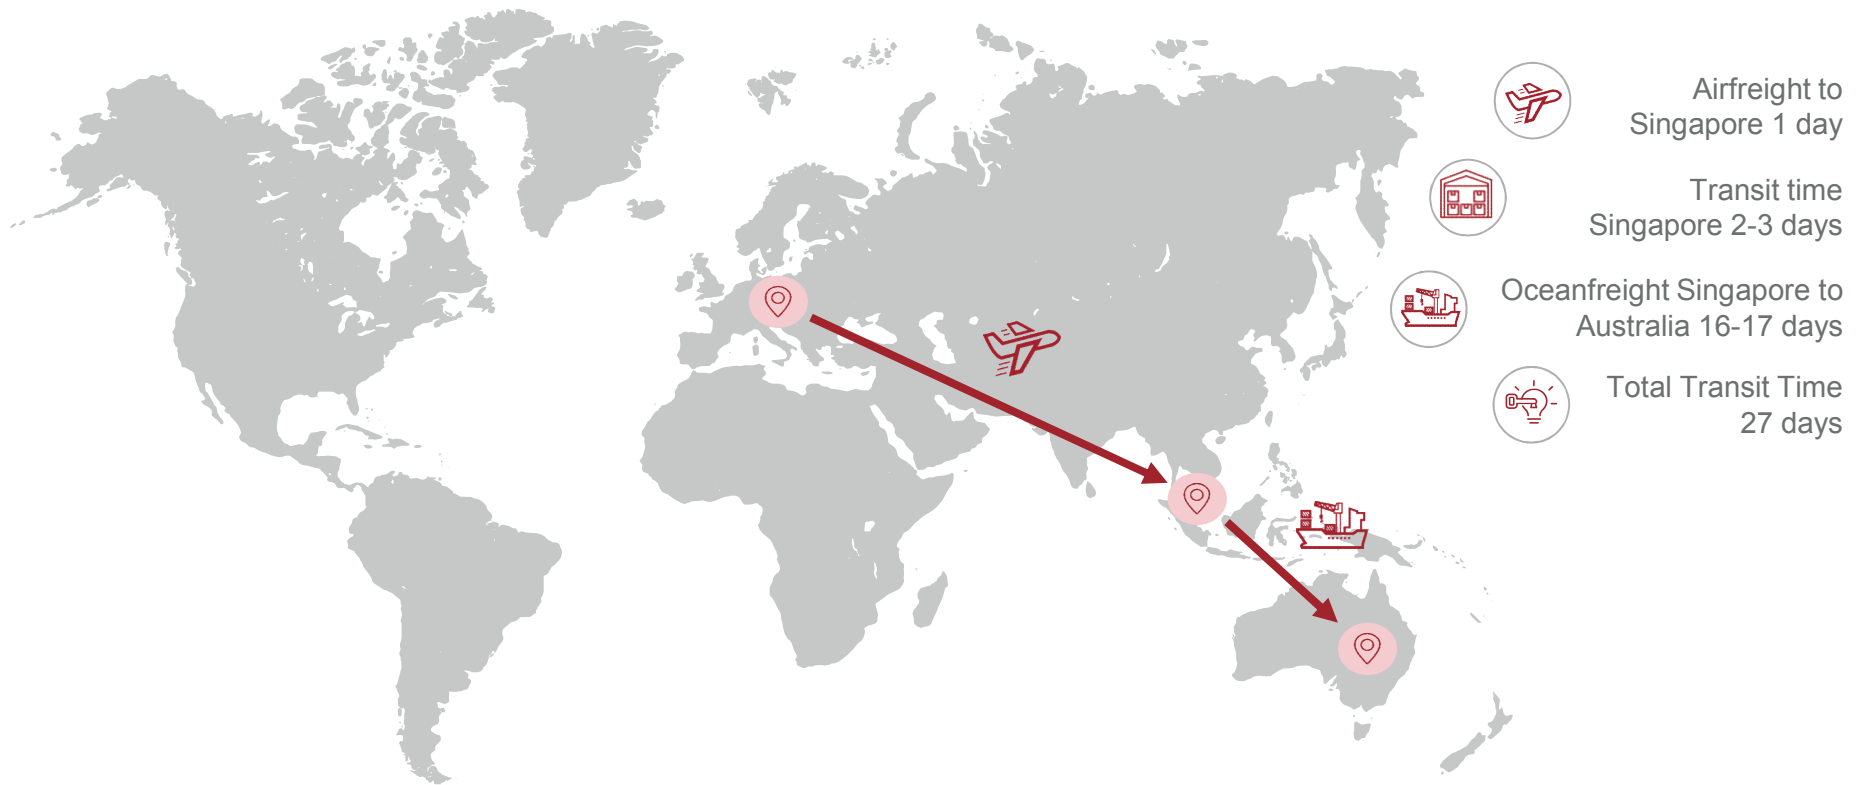

- Priority uplift from Europe to Singapore
- Fixed Capacity for Air Sea Service
- Main Deck Capacity available
- Priority discharge and transit handling in Singapore
- Weekly connections from Singapore to Australia

Our Air-Sea solution reduces regular transit time of Oceanfreight and generates substantial cost savings compared to pure Airfreight shipments to Australia!
